Crack the code: up to 100

Adding and subtracting to 100 · Year 3–4 · ±11 min Medium

Name: ..... Date: .....

Today you learn: You add and subtract up to 100.

Remember

Split the second number into tens and ones. First add or take away the tens, then the ones.

EXAMPLE

47 + 25 = 67 + 5 = 72 **83 − 27 = 63 − 7 = 56**

1 Medium

Work out the sums. Colour every square with that answer in the sum's colour. What picture do you see? Write it on the line.

red **49 + 7 =** .....

yellow **57 − 43 =** .....

green **69 + 5 =** .....

red **44 + 45 =** .....

red **71 − 10 =** .....

red **55 − 20 =** .....

yellow **28 + 11 =** .....

red **55 + 41 =** .....

44	44	32	23	92	10	32	83	32	22	67	18	78	52
23	47	80	27	89	35	61	56	61	35	85	67	85	48
44	65	61	35	89	89	89	61	56	89	89	96	65	85
48	61	89	48	93	89	89	96	96	96	43	19	61	69
61	56	96	83	80	96	96	56	35	56	19	32	89	96
70	56	35	61	35	35	61	35	96	56	61	61	96	52
83	89	56	56	61	96	35	56	89	56	35	56	35	28
52	68	21	82	23	39	14	14	39	43	43	48	28	47
93	52	67	47	82	39	14	39	39	43	80	93	83	11
81	70	81	23	47	39	14	14	14	21	81	44	44	44
20	32	48	10	39	39	14	14	39	14	42	80	83	68
30	92	74	74	74	74	74	74	74	74	74	74	20	48
21	26	18	31	11	32	31	21	82	68	27	10	28	70
80	78	42	65	52	85	92	92	77	21	92	85	50	92

.....

How did it go? 🙂 😐 ☹

Stuck? Turn the sheet round and read the tip for your number.

Help card

1. Split the second number: first the tens, then the ones. Do all the sums first and write the answers down. Then colour. A number that isn't one of your answers stays white. Can't find your answer anywhere? Do that sum again.

Answers: Crack the code: up to 100

For the parent · Year 3–4 Medium

Today you learn: You add and subtract up to 100.

Check it together. When something is wrong, first ask: how did you work that out? Give the tip before the answer.

1

The picture: mushroom

49 + 7 = 56 (red)

57 − 43 = 14 (yellow)

69 + 5 = 74 (green)

44 + 45 = 89 (red)

71 − 10 = 61 (red)

55 − 20 = 35 (red)

28 + 11 = 39 (yellow)

55 + 41 = 96 (red)

Tip: Split the second number: first the tens, then the ones. Do all the sums first and write the answers down. Then colour. A number that isn't one of your answers stays white. Can't find your answer anywhere? Do that sum again.
