Help card

1, 2. Long hand on the 6? Then it's half past. The short hand is between two numbers: say the hour it has just passed.

3, 4. Long hand on the 12? Then it's o'clock. Look where the short hand points.

5, 6. The long hand shows the minutes. The short hand is short. At half past and quarter past or to, the short hand sits between two numbers.
